Prototype User Test

1. Open App Home (the prototype).

2. Open the **Customers** table.

3. Expand **Reports & Charts**.

4. Choose to create a new report. (Click **+New**).

5. Create a new Table report (spreadsheet-style report).

6. On the Create a New Report page, you decide you want to access Help to learn more about the report creation options.

   Within the context of Quick Base, locate a way to access online help about reports.

   In particular, try to find specific content to help you "Create a Table Report"

   Please be sure to talk about what you are thinking.

7. While using Help, you decide to search on the word "reports" just to see what else you can find.

   Do you see a way to search on the string "reports"

   Please be sure to talk about what you are thinking.

8. Do you see ways to access other types of help, such as support or e-learning?

   Please be sure to talk about what you are thinking.
